WSLD oct 16-18 register at wsld.org 2500 n Hollywood in Burbank California. RD's are being sponsored by RSC and is suggested that RCM's request sponsorship from to be sent to WSLD by their areas. See guidelines. ASK questions and start that conversation.

RD's are going to start working on the straw polls.

There seems to be a reluctance to engage in service across the entire fellowship. Start a conversation with your areas about how we could motivate and attract newer members to come and be of service so that more of the groups voices can be heard and represented.

Treasurer's Report. Ron gave report physical copies availa STARTED wit over 10k ended with 9500 budget for the assembly 1143, we were 34 over budget, GOOD JOB REGIONAL ASSEMBLY! The estimate for the wsc is 3900. Will bring a first quarter financial report, an individual group dono'd 150 an area supported with 500, there's a lack of support of our region and that makes it hard to fund the RD out on trips to represent all of us in the 280 meetings that we have here. Kern just donated 2k. all of the report can be found online and if anyone ever has any questions about the regions money they can reach out to Ron ANYTIME. The primary purpose of our fellowship cannot be carried out at the world level when dono's are not received. Please take it back to your groups that if your areas are not or

cannot donate, then groups and members can always donate to rsc:
