We are over prudent reserve by \$2845.33

The World Service Conference's final cost to the region for our delegates' attendance was \$3,211.74.

World Service Learning Day is our next expense, and the region will send its regional delegates.

### **Regional Delegate Report**

Nothing to report

More to come at the next in-person meeting.

### **Nominations**

- Chair NONE
- Vice Chair NONE
- Vice Secretary NONE

### **Discussion about service**

- We need our areas to announce these positions at a meeting level.
- It is strongly suggested that we start with regional events
  - Unity days
  - Learning days
- Should we consider dissolving the Regional Service Body?

- Should we present the option to join other Regions to assist the current area's meeting needs?
  - World reports that the quickest way to invoke a sense of urgency is to make people aware that it is something that could easily be lost.

It was discussed that region may have to disband if we cannot get trusted servant members to fill open slots to serve the region. It was suggested that we ask our fellowship to spread awareness to raise interest.

A NAWS member recommended to our RD we let our areas know that dissolving the regional body may be a proposed viable option if we can not find members to facilitate the region anymore.

**Open forum** one member suggested sparking up a learning day regarding region. RCM's are on board with sharing to the groups that the RSC body may disband with no participation. If the Region is gone, Areas will survive if they read their guide to local service booklets in order to proceed but the shared feeling of camaraderie and better opportunity to invite other members to this in person subcommittee could be lost, other member mentioned the service inventory survey will be brought back next month.

RD's nomination and election dates to be proposed and changed to reflect western state zonal forum, to be changed to October and January FROM when it used to be APRIL AND JUNE.

After some clarification RD's to be voted and elected in june and july so we would be changing the regional guidelines.

Donation to NAWS: CURRENT PRUDENT RESERVE IN 2ND QUARTER, 5K, AND THEN ANOTHER 5K WORKING BALANCE. MOTION TO DONO 75% OF OUR OVER BALANCE 2845 TO NAWS WHICH IS 2133.
